

PLEASE! do not change the law on the "no call list" THE reason so many wisconsin folks have signed the original was because they, like me, DO NOT WANT ANY CALLS! It should be clear that when so many folks took the time to get enrolled that this is major issue for us. I do not want the banking idustry or anyone to call me ever again! I have so enjoyed the law with the big bite that is pro consumer...please dont water it down...please!
